REARRANGING FURNITURE

- Side/end tables should ideally be within 2" of a sofa's arm height. (Or 1-2" lower than the sofa arm!)
- Side tables should be no deeper than the depth of the sofa
- Console tables behind a sofa should be the same height as the back of the sofa or up to 1-3" lower

- When hanging multiple pieces of art in a group such as a gallery wall, use a spacing of 1 – 3" between pictures.
- Smaller pieces of art can be hung a little closer together (1 – 1½") than larger pieces.

The center should be positioned between 56 – 60" from the floor
