- **Accent Lighting**
Accent lighting should be kept to a minimum so it will not hinder your immersive television-watching experience.

For avid television watchers, dimmable overhead lighting is the way to go for general illumination.

IS THE ROOM MAINLY TO ENTERTAIN & SOCIALIZE?

- **Task Lighting**
Task lighting is less important when it comes to socializing.
- **Accent Lighting**
This is a perfect opportunity to use standout pieces that emphasize design over function.

Keep the atmosphere as warm as possible.
