ABOUT AZURE STANDARD

A COMMITMENT TO QUALITY AND HEALTH

Azure Standard is more than just a family-owned business; it is a community-driven initiative dedicated to transforming the way people access high-quality, natural, and organic products. Our mission is to make healthy and sustainable living accessible to everyone, regardless of location. With our extensive selection, we cater to diverse needs ranging from everyday groceries to specialty items like personal care products, dietary supplements, and gardening supplies. All of these are delivered directly to communities across the United States through our innovative drop system, ensuring convenience and a strong connection to our customers.

Our Values

- **Sustainability:** We prioritize environmentally friendly practices.
- **Community:** Building strong connections with our customers and communities.
- **Quality:** Offering only the best natural and organic products.
- **Transparency:** Open communication and honest practices.

PRODUCT STANDARDS

AT AZURE WE'VE SET HIGH STANDARDS FOR OURSELVES — AND FOR OUR VENDORS.

We require transparency from all the companies we work with, and Azure only chooses suppliers that produce real foods made with only natural ingredients. That means you get nutrient-rich foods that are minimally processed with no artificial additives, no preservatives, no GMOs or MSG, no artificial colors or flavors. That doesn't mean every item is organic. Some are made with organic ingredients but are not Certified Organic. Some go far beyond organic. They all are earth-friendly, GMO-free and meticulously chosen for their healthful qualities.

HOW WE CHOOSE OUR PRODUCTS

OUR PRODUCTS ARE CAREFULLY CHOSEN TO BE SURE THEY MEET OUR HIGH STANDARDS.

David Stelzer, our CEO, and others on our team personally select, approve, and sample every item we add to our inventory. We examine the supply line for each product, and we require our vendors to guarantee every ingredient is non-GMO. You can be confident that when you order from Azure, every product you buy meets a high standard of quality. To verify that our standards align with yours, we invite you to find our list of [unacceptable ingredients](#).

HOW WE DO IT

OUR COMMITMENT TO BRINGING HEALTHY FOODS TO EVERYONE AT AFFORDABLE PRICES MEANS WE DELIVER DIRECTLY TO NEIGHBORHOODS.

We sell to families and individuals across the country, and we also provide quality products to small mom-and-pop shops and retailers, as we did at the start of our business back in the 1980s. It is expensive to ship items, particularly cold and frozen products, to individual homes across America, so we found a better way. We use full-size, refrigerated trucks, and we created a system to deliver to communities just about everywhere in the United States.

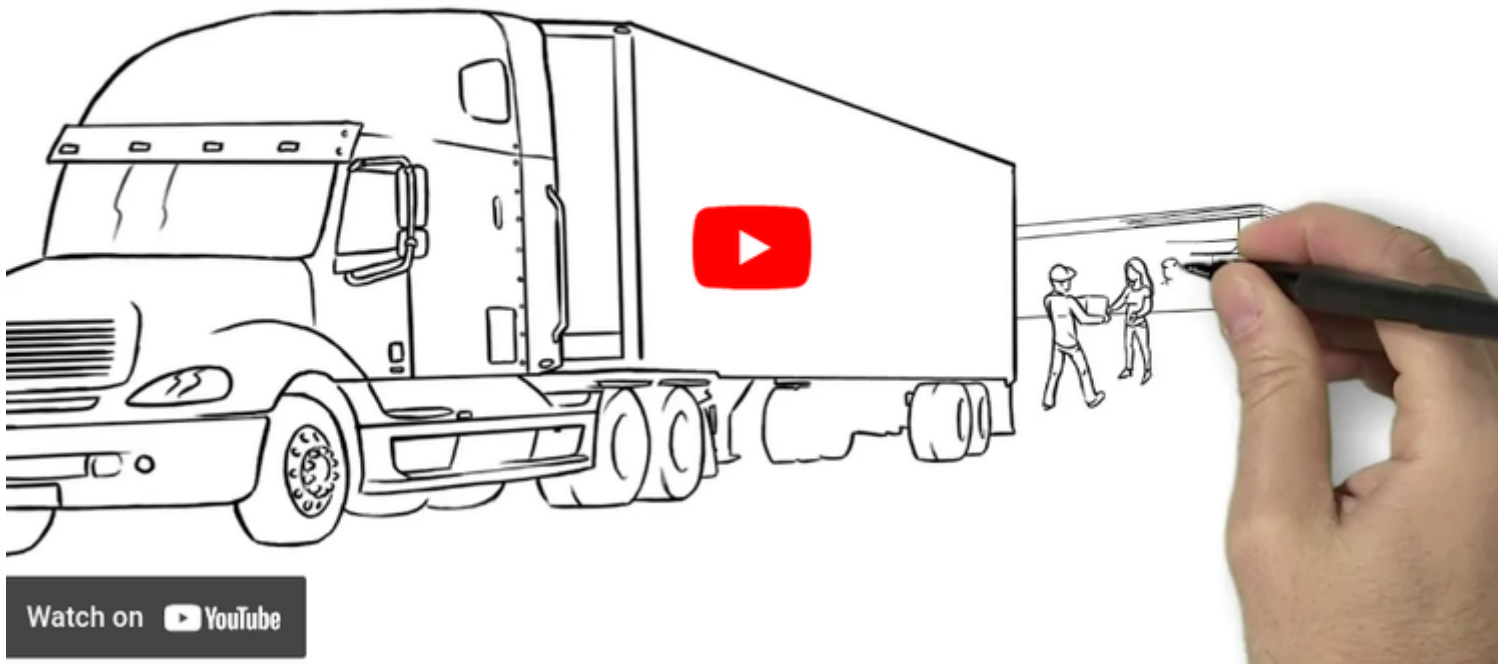

WHAT ELSE WE DO AT AZURE

WHAT BEGAN AS A SMALL ORGANIC FARM HAS GROWN AS WE FOUND MORE WAYS TO MEET THE NEEDS OF THOSE WHO ARE ENTHUSIASTIC ABOUT EATING WELL.

We grow an assortment of ancient grains, beans, fruits, fresh produce, and specialty seeds, as well as the grain and cattle we started with. Over the years, we expanded our operation to do our own processing. We mill our grain using our special Unifine mill to supply you with the finest flours you can find anywhere. We also package many products in small and large quantities, make our own mixes, pack our fruits and vegetables, and manufacture our unique carob products. We grow and package our own line of garden seeds to preserve and improve the availability of heirloom varieties. We developed our own brand of green cleaning supplies and other products. Most recently, we started our own trucking company to serve our customers better! We are always innovating and learning how to do more with less.

HOW A DROP WORKS

Does Azure Deliver to You?

Take a look at our [interactive Drop Pickup Location Finder Map](#) to discover whether there's a drop point near you. You'll find we cover most of the lower 48 states, plus make deliveries to barge lines so even folks in Alaska, Hawaii, and other islands can get Azure food. What areas we don't cover with truck deliveries can certainly receive shipments by parcel carrier such as UPS or USPS. After you place the items in your website cart, our warehouse team in Moro, Oregon pulls them off the shelf like your own personal shopper. Your items are then packed in recycled boxes under your name, and your order is put on a truck that delivers straight to you. You're a part of the Azure community in your own neighborhood, meeting a fully stocked natural grocery on wheels - coming directly to you.

- You'll create an account ♦ Join a delivery Drop near you ♦ Place your order ♦ Anticipate arrival ♦ Meet the truck ♦ Take home amazing food.
- Can you be a member without joining a drop? Sure you can. We also offer home delivery through economy parcel shipping.
- Do you have to share your orders like a buying club? Nope. You're welcome to share your good deals with others, but your order belongs to you.
- When you meet the truck on delivery day, your order is individually boxed with your name on it and ready for you to take home.
- If you prefer, you can order all your products delivered direct to your home via parcel carrier, like UPS or USPS.
- Still have questions? Feel free to contact us and we'll walk you through the process and get you signed up.
