

Warning

High-Risk Investments

Trading in Forex, Cryptocurrencies, Commodities and any margin trading instruments carries a high level of risk and may not be suitable for all investors.

The high degree of leverage can work both against and for you. Before you decide to go into trading, you should carefully consider your investment objectives and your risk appetite.

You may suffer a loss of all or part of your initial investment and therefore should not invest money that you cannot afford to lose.

You should be aware of all the risks associated with foreign exchange trading and seek advice from an independent financial adviser if in doubt.
