You've Never Gone Viral) by The Bundle Club

+ Your Viral Funnel Delivery + Email Sequence Guide

◆ ***Step-by-Step Funnel Setup Guide (What to Do First)*** This guide will show you exactly how to use the free funnel I gave you to start growing your list, building authority, and converting leads into sales.

Here's what you'll do:

Import the Funnel:

Don't forget to edit inside to fit your offer or whatever your needs, and also the popup. Use this link to grab the Viral Funnel:

Systeme.io version

Use my links to create an account (is a great form of appreciation for my share, thank you)

Open Systeme Account

NOTE: if you don't use any of the platforms above, you can model /clone the exact Landing page from here in your platform:

Connect Your Autoresponder:

Link the opt-in form to your email list (Mailchimp, ConvertKit, Systeme.io, Go High Level, etc.).

This will automatically store every lead that opts in.

Edit the Redirect Page: After someone opts in, they should be redirected to ***your*** offer (this can be a low-ticket product like your \$5 method, or a high-ticket mentorship). You control where this funnel sends traffic after the email is captured.

Start Driving Traffic: Post short-form videos (Reels/TikToks), IG stories with a CTA to your funnel, post on facebook as a One colour post with text lead magnet asset like the one you commented in my facebook.

For ex:

Every view is a potential email.

Use the Emails Below:

Copy/paste these 4 high-converting emails into your autoresponder and set them to go out after someone subscribes. This is your "money machine."

💎 **4-Email Follow-Up Sequence**

Hey [First Name],

Boom — your free Viral Funnel is ready:

💎 [Insert Funnel Link]

This isn't just another pretty funnel. It's built to grow your list fast, convert cold followers into loyal fans, and give your content legs long after it's posted.

But let me make something crystal clear:

This is just the beginning. Because while the funnel sets the stage, the real magic happens when you combine it with my \$5 method that turned my IG into a six-figure machine.

💎 It's simple.

💎 It's strategic.

💎 And right now, it's just \$5 — for a limited time.

💎 Grab it here before the timer runs out: [Insert \$5 Method Link]

If you're serious about growing a real audience and turning it into income, this is your first step.

Welcome to the starting line. Let's make something big happen.

To your viral success,

[Your Name]

P.S. Don't sleep on this — when the \$5 deal ends, it's gone for good. And I'll also throw in a bonus training pack valued at \$4,235 (yep, the top “make money online” tactics of 2024).

💎 ***Email 2: “How I Turned IG into a 6-Figure Machine”***

Subject Line: I made my first €1,000 from IG using this strategy

Preview Text: Broke musician to full-time mentor — here's how I did it...

Hey [First Name],

Not long ago, I was a broke musician scraping together coins for rent.

I didn't have a big following.

No trust fund.

And zero clue how creators were making real money from Instagram.

But then I tried something different.

I created content with a purpose — and paired it with one system.

Result? My first \$1,000 came in within weeks.

Then it snowballed... and today, I've built a 6-figure income from IG alone.

And it all started with the exact same \$5 method I'm giving you access to right now.

💎 Get it here for just \$5 — but it expires in a few hours: [Insert Link]

I kept it cheap so new creators like I once was can get started without overthinking it. But here's the deal:

I'm pulling it down soon. Why? Because too many people say they want to grow — but few are ready to act.

So if you're ready to turn IG into a machine that pays you back...

Now's your moment:

💎 [Insert \$5 Method Link]

Talk soon,

[Your Name]

P.S. Get the method and I'll also unlock a \$4,235 bonus training vault to go with it. But ONLY while the \$5 offer is live. Don't miss this.

💎 **Email 3: "What Most Creators Get Wrong"**

Subject Line: Most creators are stuck because of this one thing

Preview Text: If you're posting with no plan... read this before doing it again.

Hey [First Name],

Let me hit you with some truth:

Most creators fail not because they're untalented.

Not because they're lazy.

But because they post randomly.

One day it's a trending sound.

Next day it's a photo dump.

The day after that... who knows?

There's no system.

No strategy.

No way to turn eyeballs into income.

That's where mentorship comes in.

Because if you had someone show you exactly how to create content that drives sales, builds trust, and grows like wildfire... things would change. Fast.

If that's what you want, I've got good news.

This week, I'm opening spots for my private mentorship.

It's invite-only — and yes, there's an application.

💎 Just reply "MENTOR" to this email to get the details (or go here: [Insert Mentorship Link])

Let's make your content finally work for you.

— [Your Name]

P.S. Most creators keep spinning their wheels for years. Don't be one of them. My \$4,235 bonus vault is included if you join this round. Hit reply with "MENTOR" or tap here: [Insert Link]

💎 **Email 4: "Ready to Go Viral on Purpose?"**

Subject Line: Ready to turn content into cash?

Preview Text: No more posting and praying — it's time to grow on purpose.

Hey [First Name],

You ever see someone go viral and think:

"How the hell did they blow up?"

Here's the truth:

Going viral isn't luck anymore.

It's a process — and I teach it inside my mentorship.

Just look at [Client Name or Your Own Story]:

💎 Started with 600 followers

💎 Sold their first \$2K offer within 30 days

💎 Built a waitlist of hungry buyers

And they didn't do it by posting cat memes or lip-syncing to Drake.

They followed the system I use every single day — the same one that's turned my content into a cash machine.

This week, I'm opening a few more mentorship spots.

If you're ready to grow on purpose, not by accident...

💎 Hit reply or go here: [Insert Mentorship Link]

I'll walk you through the exact steps.

You bring the hustle. I'll bring the blueprint.

Let's do this,

[Your Name]

P.S. As always, fast action pays: Mentorship spots come with my \$4,235 bonus vault — but only for this round. Tap in here: [Insert Link]
