Check Your Credit Report

** Step 1: Fundability Foundation **

The foundation of your business credit starts with making your business look credible and fundable to lenders and credit agencies. Check you address email phone number

****Step 1.1:**

Business Name**

- ****Choose a Professional Name****: Ensure that your business name is professional and reflects the nature of your business.
- ****Register Your Business Name****: Make sure your business name is registered with your state. This can be done through your state's Secretary of State website.

****Step 1.2:**

Business Address**

- ****Physical Address****: Use a physical business address, not a P.O. Box. This adds credibility.
- ****Virtual Office****: If you don't have a physical location, consider a virtual office address. There are services like Regus and WeWork that provide this.
- ****Consistency****: Ensure the address is consistent across all your business listings.

•••••

****Step 1.3:**

Business Entity**

- ****Choose the Right Structure****:
Decide on the best business structure (LLC, Corporation, etc.) for your business.
- ****Register with the State****:
Ensure your business entity is registered with your state's Secretary of State.

****Step 1.4:**

EIN#**

- ****Apply for an EIN****: Obtain an Employer Identification Number from the IRS. This is essential for tax purposes and establishing a business credit profile. Apply online at the [IRS website] (<https://www.irs.gov/businesses/small-businesses-self-employed/apply-for-an-employer-identification-number-ein-online>).

****Step 1.5: Business Phone #****

- ****Dedicated Business Line****: Have a separate phone number for your business.
- ****Listed Number****: Make sure your business phone number is listed in directory assistance (411).

****Step 1.6: Website & Email****

- ****Professional Website****: Create a professional business website. Your domain name should ideally be your business name.
- ****Professional Email****: Use a business email address with your domain name (e.g., yourname@yourbusiness.com). Avoid using free email services like Gmail or Yahoo for business communications.

****Step 1.7:**

Business License**

- ****Obtain Necessary Licenses****:
Ensure your business has all the required local, state, and federal licenses to operate legally. Check with your local county or city clerk's office.

****Step 1.8: Business Bank Account****

- ****Open a Business Bank Account****: Keep your personal and business finances separate by opening a business checking account.
- ****Transaction Records****: Ensure all business transactions go through this account to create a clear financial history.

****Step 1.9: Business Merchant Account****

- ****Accept Credit Payments****: Set up a merchant account to accept credit card payments. Services like Square, PayPal, and Stripe can help with this.

****Step 1.10:**

Wrap Up**

- ****Review****: Double-check all the details to ensure everything is in order and consistent across all platforms.
- ****Document****: Keep copies of all registrations, licenses, and applications for your records.

Business Credit Report

Step 2: Establish Business Reports

Building your business credit profile starts with establishing your business reports with major credit reporting agencies. Here's a detailed breakdown:

****Step 2.1:**

Dun & Bradstreet**

- ****Get a D-U-N-S Number****:
Obtain a D-U-N-S Number from Dun & Bradstreet. This unique nine-digit identifier is essential for establishing your business credit file. You can apply for a D-U-N-S Number for free at the [Dun & Bradstreet website] (<https://www.dnb.com/duns-number/get-a-duns.html>).

- ****Register Your Business****:

Ensure your business information is accurately listed on Dun & Bradstreet.

- ****Submit Financials****: Provide your business financial statements to Dun & Bradstreet to enhance your credit file.

****Step 2.2: Business Experian****

- ****Establish Your Profile****: Register your business with Experian Business Credit. You can check if your business already has a profile and ensure all information is accurate. Visit the [Experian Business website] (<https://www.experian.com/business/business-credit-reports.jsp>).

****Monitor Reports****: Regularly check your business credit report with Experian to ensure accuracy and stay informed about your credit status.

– ****Dispute Inaccuracies****: If you find any errors, dispute them promptly to maintain a clean credit profile.

****Step 2.3:**

Business Equifax**

- ****Create a Profile****: Register your business with Equifax Business Credit. Ensure all your business information is listed correctly. You can start at the [Equifax Business website] (<https://www.equifax.com/business/business-credit-reports/>).

- ****Update Information****: Keep your business data up to date to ensure your credit profile reflects your current financial status.
- ****Monitor Reports****: Regularly review your business credit report from Equifax and address any inaccuracies immediately.

****Step 2.4: Business Credit Reporting****

- ****Consistency is Key****: Ensure that your business information is consistent across all three major credit reporting agencies. This includes your business name, address, phone number, and EIN.

- ****Build Relationships****: Establish relationships with vendors and creditors who report to these agencies. Positive credit activities from these accounts will help build your business credit.

- ****Track Progress****: Use credit monitoring services to track your business credit progress. Services like Nav can help you monitor your credit with multiple agencies.

Apply for Business Credit

Step 3: Start Building: Tier 1

Now that your foundational elements are in place, it's time to start building your credit. This involves obtaining initial lines of credit that will report your credit activity to the business credit agencies.

**Step 3.1:

Vendor Credit**

- **Apply for Vendor Credit Accounts**:

Start by applying for vendor lines of credit from suppliers that report to business credit bureaus. These are typically net-30 accounts, where payment is due 30 days after purchase.

- **Select the Right Vendors**:

Choose vendors that offer products and services your business regularly uses. Some well-known vendors that report to business credit bureaus include:

- **Uline**

- Reports To: D&B, Experian
- Terms: Net 30
- PG / NO PG: No Personal

Guarantee Required

- **Maverick Office Supplies**

- Reports To: Equifax
- Terms: Net 30
- PG / NO PG: No Personal

Guarantee Required

- **Ecredable**

- Reports To: D&B, Experian,
Equifax

- Terms: Net 30

- PG / NO PG: No Personal

Guarantee Required

****Step 3.2: Business Credit Cards****

- ****Apply for Business Credit Cards****: Obtain business credit cards that report to the credit agencies. Look for cards that offer benefits suited to your business needs, such as cash back, travel rewards, or low interest rates.
- ****Use Responsibly****: Use these cards for business expenses and pay off balances in full each month to avoid interest charges and maintain a low credit utilization ratio.

****Step 3.3: Fleet Cards****

- ****Fleet Cards for Vehicle Expenses****: If your business involves transportation or delivery services, consider applying for fleet cards. These cards can be used for fuel, maintenance, and other vehicle-related expenses.
- ****Reporting to Agencies****: Choose fleet card providers that report to business credit agencies. Examples include:

- ****Gulf Fleet****

- Reports To: D&B, Experian, Equifax

- Terms: Net 15 or Net 30

- PG / NO PG: No Personal

Guarantee Required

- ****Murphy USA****

- Reports To: D&B, Experian, Equifax

- Terms: Net 15 or Net 30

- PG / NO PG: No Personal

Guarantee Required

****Step 3.4: Building Relationships****

- ****Build Relationships with Creditors****: Establish strong relationships with your creditors. Good relationships can lead to better credit terms and higher credit limits in the future.
- ****Regular Use****: Use your vendor credit accounts, business credit cards, and fleet cards regularly to show positive credit activity.

Avoid Opening Too Many Accounts Quickly

Step 4: Monitor Business Reports

Regularly monitoring your business credit reports is critical to ensure accuracy and address any issues that arise. Errors on your credit reports can lower your credit score and impact your ability to secure financing.

****Step 4.1: Credit Monitoring****

- ****Credit Monitoring Services****: Use credit monitoring services to keep track of your business credit scores and reports. Services like Nav and Credit Signal by Dun & Bradstreet can provide regular updates and alerts.
- ****Regular Checks****: Make it a habit to review your business credit reports regularly, at least once a quarter, to catch any discrepancies early.

****Step 4.2: Monitor Dun & Bradstreet****

- ****D&B Credit Monitoring****: Sign up for Dun & Bradstreet's Credit Signal, a free service that alerts you to changes in your D&B credit scores and ratings. You can access this service at the [Dun & Bradstreet website] (<https://www.dnb.com/credit-signal.html>).

Sure thing! Let's continue with the detailed steps:

****Step 4.3: Monitor Business Experian****

- ****Experian Business Credit Monitoring****: Use Experian's Business Credit Advantage or another monitoring service to keep an eye on your Experian business credit report. You can find more information at the (<https://www.experian.com/business/business-credit-reports.jsp>).
- ****Review and Dispute****: Regularly review your Experian business credit report and dispute any inaccuracies.

****Step 4.4: Monitor Business Equifax****

- ****Equifax Business Credit Monitoring****: Subscribe to Equifax's business credit monitoring services to receive alerts about changes to your credit report. Learn more at the [Equifax website] (<https://www.equifax.com/business/business-credit-reports/>).
- ****Consistent Monitoring****: Ensure your Equifax business credit report is accurate and up to date, and address any discrepancies promptly.

****Step 4.5: Request LexisNexis Report****

- ****LexisNexis Business Report****: LexisNexis provides detailed business reports that include public records and business credit information. You can request a copy of your business report from LexisNexis to review for accuracy.
- ****Review Public Records****: Ensure that public records and other information on the LexisNexis report are correct and up to date.

****Step 4.6: Request ChexSystems Report****

- ****ChexSystems Report****: ChexSystems is used by financial institutions to assess the risk of opening new accounts. Request a copy of your ChexSystems report to review your business's banking history.
- ****Dispute Errors****: If you find any inaccuracies on your ChexSystems report, file a dispute to correct them.

****Step 5: Building Credit: Tier 2****

Once you've established initial credit through vendors and credit cards, it's time to build on that foundation with more substantial lines of credit and loans.

****Recommended Vendors and Credit Options****

Here are some recommended vendors and credit options to help you continue building your business credit:

1. ****FairFigure****

- ****Reports To****: Equifax
- ****Terms****: Installment, Net 30, and Net 60
