# About Chalkboard Coaching

Chalkboard Coaching was founded by Lynnette A. Andrews - Washington, M.Ed., a U.S. Air Force veteran, veteran educator, and empowerment coach with over 20 years of experience in K - 12 public and charter schools. Lynnette has taught high school mathematics and test prep while also serving as a professional development facilitator, instructional coach, and trauma-informed consultant.

With a heart for equity and a mission to uplift educators, Chalkboard Coaching offers culturally responsive, trauma-informed, and math-centered training that helps schools thrive from the inside out.

In addition to her work with schools and educators, Lynnette is the author of *Multiplication Exploration: Single Digit Multiplication*, a creative tool for helping students build foundational math skills.

Her perspective on equity in math instruction was recognized by U.S. News & World Report in a 2021 feature, where she was cited by a contributing writer as offering “one of the most insightful interviews across all schools.”
