

Freedom to create Art Papers

Hi!

Happy that you subscribed to have yours "Freedom to Create Art Papers!!

I created this set using my own work and create this happy, colorful collage papers that you can use on your own work. Feel free to rip, collage, paint over, recreate.

I'm Francisca Nunes a mixed media artist and the face behind heArt Makes.

I love the idea of freedom when I'm creating. So I use color, papers, scribbles, texture and marks to guide me through the creative process. I'm very influenced by nature and all those references appear on my work.

I can define my art as intuitive, free and nature inspired.

Have fun creating.

Warmly,

Francisca Nunes
