

FREE SAMPLE

# 20-PAGE SCHOOL READY STARTER PACK

Fun Preschool Activities for School Readiness

AGES 3-5

**Want more fun learning activities?**  
Explore the complete School Ready Collection.

# Welcome!

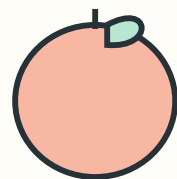

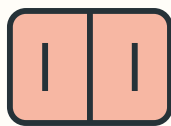

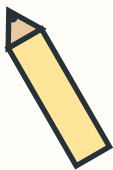

This free starter pack gives your child a fun introduction to early preschool skills, including pencil control, alphabet recognition, counting, puzzles and colouring.

Keep learning sessions short, positive and playful — 5 to 10 minutes at a time is perfect for this age group.

This sample includes a small taste of each skill area. The complete School Ready Collection covers the full alphabet, numbers 1-20, and many more activities.

**Tip: Let your child hold the pencil their own comfortable way —**  
there's no single 'correct' grip at this age.
