3. HUMEE HUM

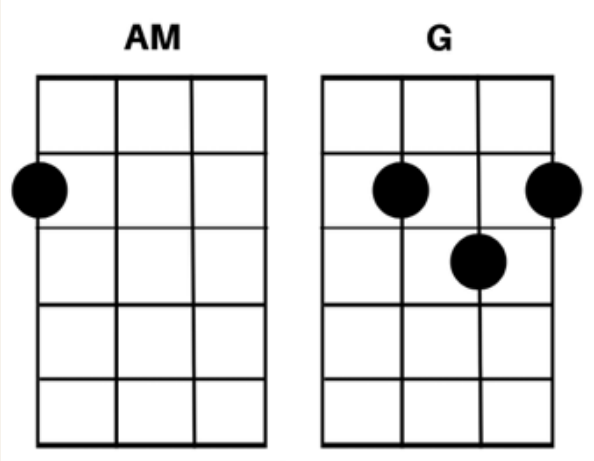

https://youtu.be/-kRW07Evr70

Meaning:

I'm You in the very core of my being, Oh Divine.
Humee hum tumee tum, is in the language of the Sikhs, Gurmukhi. We also sing the translation, which is the text in English: "I am thine in myself."
A mantra to feel connected to yourself and to the people around you. We are who we are, but recognize yourself in the other.
A mantra specifically for these changing times, the beginning of the Aquarian age.
The mantra creates a vibration that activates energy centers in your head and face for increased concentration and better memory.

4. GATE GATE PARA GATE

https://youtu.be/TOPI7uxm5fo

Meaning:

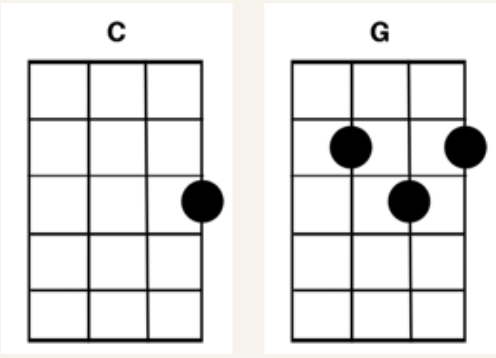

For enlightenment and peace.
With this mantra, you honor your inner light that helps you cross the boundary from suffering to the liberation of suffering and from duality to unity.

The mantra guides us beyond the deceptive perception of the Self as something separate, and helps us realize that we are perfect, connected to all life, and that we are at home in the universe. The message of this mantra is that infinity is here and now.

Emptiness is all-encompassing. This is the great liberation because the beliefs in which we live keep us trapped in our self-created illusions. When we can rid ourselves of our own limiting beliefs, we can live in the pure dimension of emptiness, completely free and beyond limitation.

This mantra lets us feel that everything and everyone is interconnected
