

CHIRON 1960-2022

Below you will find the dates that Chiron transited from one sign to another, and also the transit dates from one Human Design gate to another.

There will be some wobbling back and forth between gates and signs as Chiron retrogrades then goes direct.

When you have located the gates for your birth date, reference the shadow aspects of those gates to gain more insight into your Chiron wounds.

And don't forget to also look at the Chiron gates for the unconscious side of your design- 88 days prior (roughly 3 months) before your birth date, as these will have an influence on you as well

Hope you find this to be helpful!
