

Beginner Sewing Workshop

Tools & Materials

Here's a simple list of the essential sewing tools and materials every beginner sewist needs to start their journey with ease.

- **Sewing Machine** The heart of your sewing journey even a basic machine will do!
(Bobbing, machine needle)
- **Fabric Scissors** Sharp scissors make cutting fabric precise and easy.
- **Pins or Clips** To hold fabric pieces together before sewing.
- **Measuring Tape and Ruler** For accurate measurements and fitting.
- **Seam Ripper** Mistakes happen — this tool saves your fabric.
- **Iron & Ironing Board** Press seams for a neat, professional finish. **(NOT for class)**
- **Thread** Any color that will match your fabric. Good to have white and black on hand.
- **Chalk or Fabric Marker** To mark sewing lines without damaging fabric.

You will also need **fabric & elastic** for your projects. I recommend this fabric be a cotton in any color or pattern you may like and, matching thread.

Please wait until after our first class to purchase fabric so we will be determining based on your measurements the amount you will be buying.

There are links to all my recommendations and products in my website.
