ABOUT THE AUTHOR

Hello and Welcome!

I created this guide because I was having a hard time keeping track of the Human Design Gates and my experiences with the transits of the Sun and Moon through the Gates, and I needed a place where I could put all of my notes for easy reference.

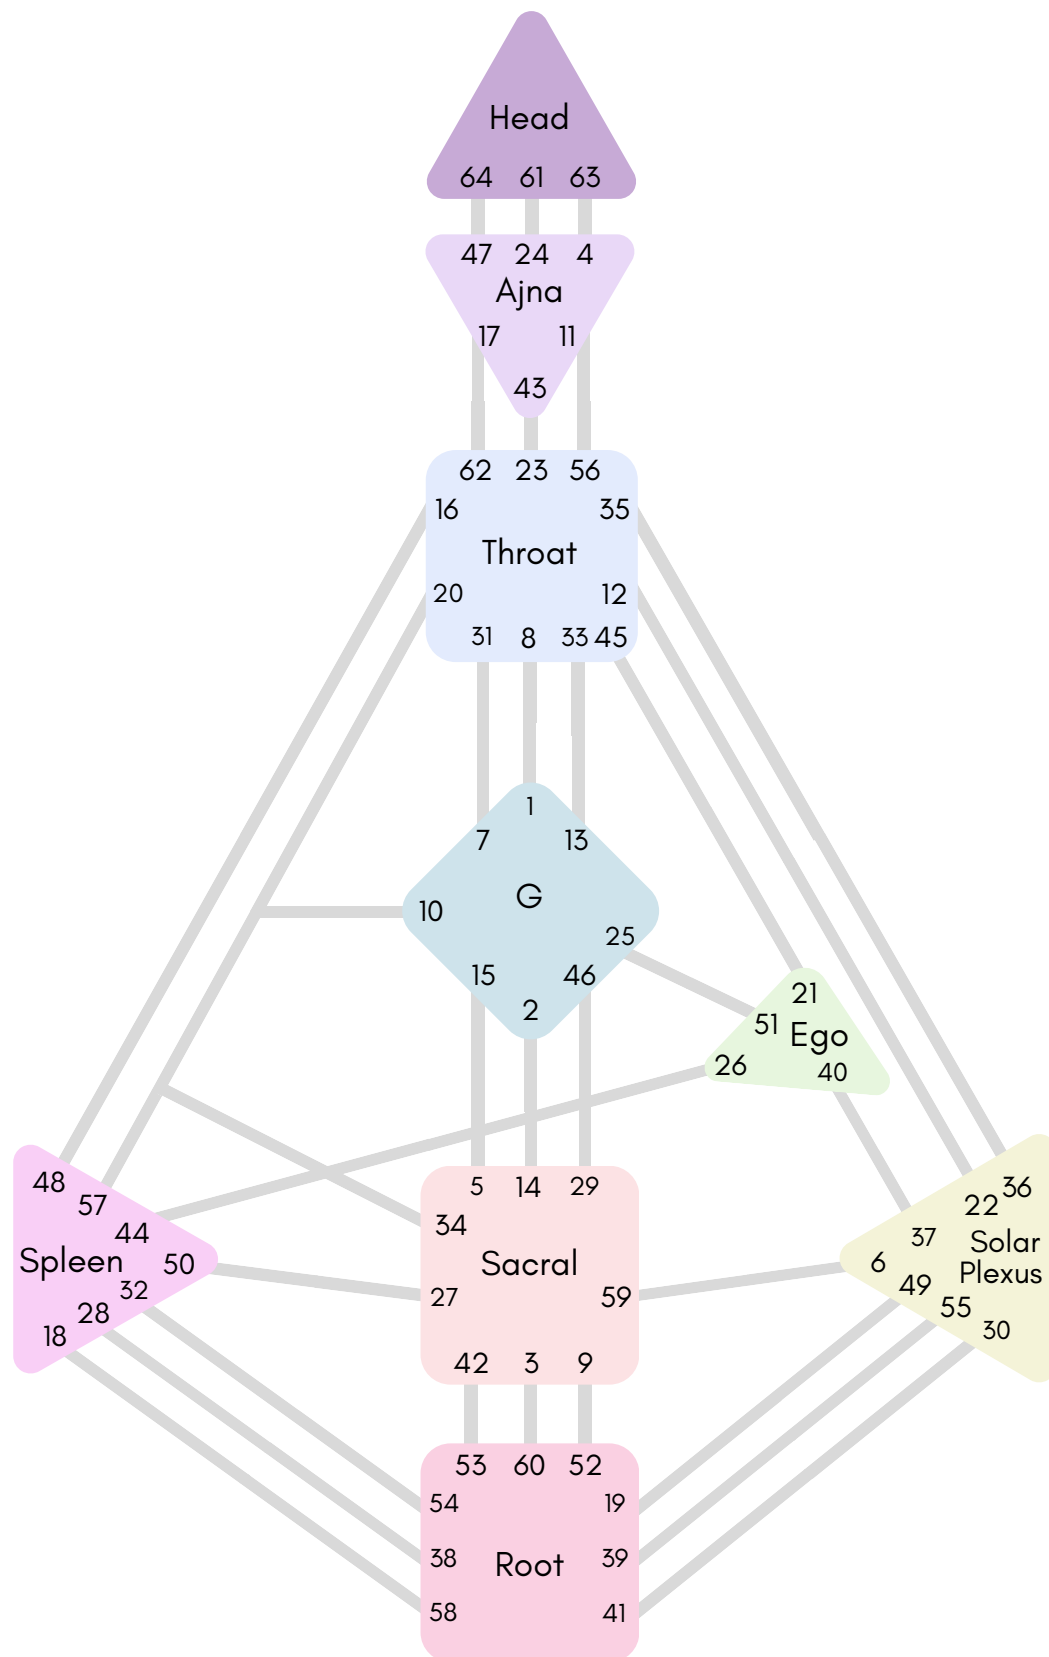

I hope this helps you too!

As a Manifesting Generator, I have a LOT of passions and interests, most of which I like to do at the same time!

I'm a psychologist, teacher, and Human Design coach and reader. I have several degrees in the fields of psychology and education and I've been experimenting with how to use Human Design in life, love, education, and business for five years now.
