BeLoved -

"We are the Ones we've been waiting for."

This simple, yet profoundly potent declaration by Hopi elders is an invitation to actualize and embody our own place of peace, presence and power. **To Be One HeART.** Love where we are. Who we are. Use our gifts, talents and collective wisdom to cultivate and generate the change we seek. To call forth allies and resources, access inner knowing and leverage wisdom within for our own well-being, joy and sustenance. For our communities and all our Relations, too.

To embrace the day. Not wait or delay to bring forth what is within. For our own health, wealth and well-being, and that of our Come-Unity, too.

The following devotional practice - and yes! The entire FlowerSong Codex and the Coherence Experience - arose from a prayer for 'healing complete'. Rather than give energy or voice to the whats and whys for what catalyzed the prayer, circumstances or symptoms, I'll simply say I experienced a 'Field Collapse'.

During this 'Field Collapse', a time of deep personal crisis, I prayerfully turned within to innerstand the root cause of suffering, and discern a pathway to remediate stagnation, and restore vitality, joy, grace, ease and fulfillment in life. In essence: transmute and transfigure disfunction and stagnation into re-generative FLOW MOTION.

As an artist, intentional dreamer, earth lover, tree hugger, mother of 4 and more, my day to day activities radically changed. The breakdown - the Field Collapse - was essentially a break through. The crisis was an Initiation and Rite of passage.

Did I do this alone? Heavens no.

BeLoveds, family, friends, wisdom keepers, wise councilors, healers, herbalists, whole foods and herbal remedies were key support systems. It was (and is!) Great Coming Together of Allies and Field Guides.

Even so, this was an in-house job. It was up to the ME of WE to do my part.

Daily devotions of prayer, meditation, gardening, intuitive navigation, dream journaling, ART, faith wisdom and GRATITUDE were essential pieces of the Great Re-turning of Flow Motion, vitality and Joy.

“There is a life force within your soul, seek that life.
There is a gem in the mountain of your body, seek that mine.
O traveller, if you are in search of that, don't look outside,
look inside yourself and seek that.” — Rumi

This Crisis-as-Initiation journey began seven years ago. At that time, I retreated from public life to tend and befriend my soul-heart-mind-body. What is presented here is one of many field tested, Holy Spirit-led, Earth-centered practices and tools I personally developed and leveraged to bring about Coherence in my Field. **To restore vitality, JOY, and Flow Motion to life.**

Out of this prayer for 'Healing Complete' a new dream was seeded, and vision arose. While I was restoring my Field Coherence, The FlowerSong Codex was gestating, forming and being birthed. Peace by Peace by Peace.

The Initiation stripped all that no longer served, and made space for what was waiting to emerge.

With Gratitude, Grace and the Gravity of Love I now flow this gift of the FlowerSong 'Coherence Field Generator' to you. May it serve in infinitely life-affirming ways. Play with it. Make it your own. Weave it, as inspired, into your own daily devotional practices.

May the Flow be with you, One and All.

With Flowering Love and grounded Gratitude,

Sophia

BeLoved,

This Coherence Experience is one key practice present in the FlowerSong Codex, and leverages one of sixty-four original BioSymbols, along with five Elemental mandalas, nested in the Wheel of Creation.

Symbols are visual grammar - the architecture of sound and light as form - and are carriers or containers of archetypal wisdom.

The 64 BioSymbols nested in the FlowerSong Codex, and Wheel of Creation, are designed to illustrate phases and stages of a cyclic journey through Mothers Earths seasons of rest, re-seeding, rooting, branching, flowering, fruiting and Her harvest seasons. In essence, a full-spectrum symbolic, artful expressions of The Wild Beauty, cyclic wisdom, elemental intelligence and Great-FULL-Ness of Life.

Think of the BioSymbols as **Friendly Allies**, drawing forth inspiration, connection, appreciation and as Field Guides for navigating The Way, and co-creating our day. A clarion call to remember we, too, have our own seasons and phases of Life; to embrace change and remember we Belong: To Earth, each other, and All Our Relations. A symbolic Language of Creation.

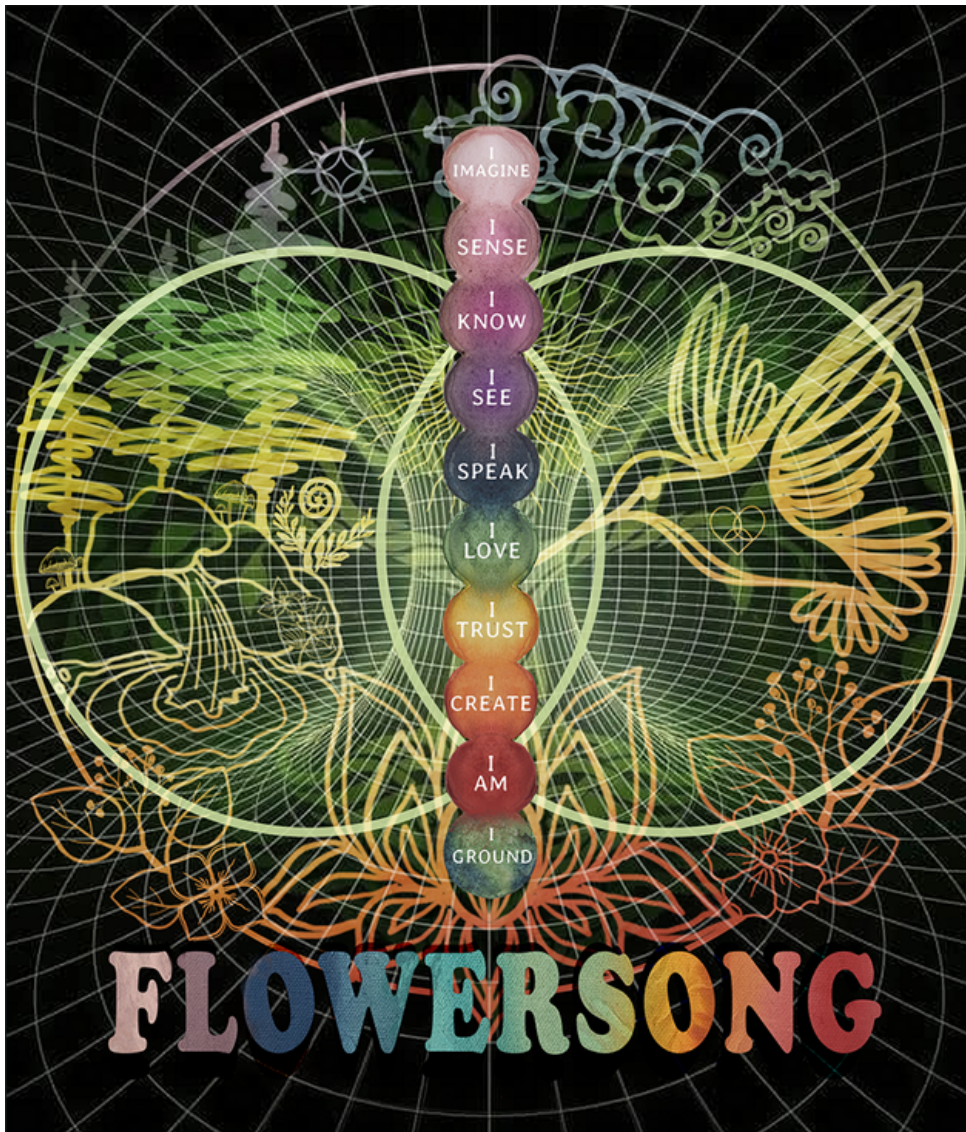

To re-member we belong is curing magic for Soul Sickness and the illusion of separation.

Let's get to it, shall we? Onward we flow ...

Next, you'll find both a graphic illustration and written guidance thru the Coherence Experience practice.

First with visual instructions (Right Brain). Then, we'll flow into a written guide (Left brain). Synchronizing the two-hemispheres of the mind, then bridging these with the Altar of the HeART - your heART and the heART of Mother Earth.

The FlowerSong Coherence Field Generator is a tube torus, and is designed to align energy centers of the body-mind-spirit in harmony with the intelligent design of the matrix of creation. Think of this also as a Tree of Life, with branches reaching into the Cosmos, and Roots down to the heart of the Earth. And, as a fractal mirror of the body, from crown to rooted stance on earthen ground. Using the gravity of Love, we open and **draw down Source force energies of Creation to, thru, from, and for us.**

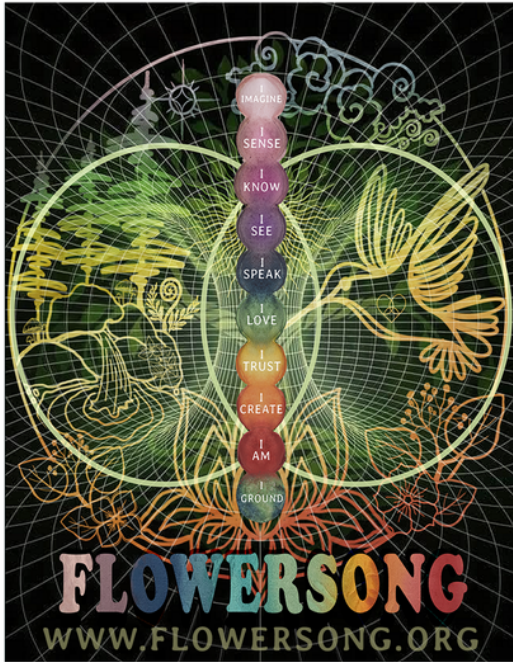

AS ABOVE,
SO BELOW.

AS WITHOUT,
SO WITHIN.

AS THE UNIVERSE,
SO THE SOUL.

Rest for 3 seconds or so with each energy center before flowing on to the next.
When the symbol, word, intent or prayer is fully grounded, imagine this energy
re-turning to Source and flowing to, thru, from and for you.

Congratulations. You are now centered in a state of Flow Motion, generating a
coherent energetic, frequency and vibrational Field.

YOU ARE THE FLOWERSONG OF LIFE!

1. Choose a symbol, word and/or intention.

For our intent and purposes here, we will using the Gratitude symbol to illustrate this devotional practice.

2. Using voice (outloud or silently within), visualization, and energetic intent, flow the chosen word, symbol, and/or intention down thru your energy centers, like this:

I Imagine Gratitude
I Sense Gratitude
I Think Gratitude
I See Gratitude
I Speak Gratitude
I Love Gratitude
I Trust Gratitude
I Create Gratitude
I Feel Gratitude
I AM Gratitude
I Ground Gratitude

Include as many senses as you feel drawn to: Speaking out loud or Praying silently within. Visualize the symbol in the minds' eye. Feeeeel the emotion or vibration of what you're encoding into the Field flowing TO, THRU, FROM AND FOR YOU.

Rest for 3 seconds or so in each energy center before, creating a metered, intentional flow, grounding all the way into the earth, before flowing out, up and around, returning again and again in a coherent field of radiance.

Perhaps begin with one sensation to ease into the practice, if this feels more graceful for you. Maybe symbol visualization, at first, then add symbol + word, building towards multiple fields of embodied awareness.

Most vitally, flow with what feels resonant and aligned. Of course, the more senses you weave and use at once, the more expansive, multi-dimensional and integrative the experience.

3. When complete, simply affirm by saying: Thank you, Thank you, Thank you. Or 'Is it so, and so it is' 3x's. Maybe an amin, awen or aho.

Be true to what feels right for you.

Repeating three times is a simple, yet tried and true way of affirming, appreciating, grounding, authenticating and sealing the experience.

Thru using symbols, name/words/attribute, and the bio-fields of emotions, we weave multiple dimensions of frequency, energy and vibration, and tune into archetypal wisdom.

Leveraging the Gravity of Love, we open to the downward flow of cosmic forces, thru our energy centers, weaving through our Spirit-Soul Mind-HeART-Emotions-Body to ground and actualize these into matter, the softened ground of our Being, and Mother Earth.

Gratefully,
this devotional practice is flowy, flexible and able to be suited to whatever works for you.

Word. Attribute. Symbol. Intent. You choose.
